- when you change jobs, change addresses or don't see money coming out of your check(s)

- receive a letter in the mail in regards to your tickets/fine from Black Hawk County (**you must have letter in hand when you call, we'll need info from the letter in order to help you**)

PLEASE BE AWARE State of Iowa procedures to intercept any State Income Tax Refund due the defendant based upon unpaid financial court ordered obligations are not affected by this payment plan. Signing this agreement does NOT stop or replace a garnishment. **Even with a wage assignment, it is your responsibility to see that your court obligations are paid.** Watch your pay stubs. If deductions are not coming out of your paycheck within 2 pay periods after setting up a wage assignment or the deductions stop, you must contact your payroll office to see why, then notify your case worker. If your wage assignment does NOT pay and you do not make the payments yourself, you will become delinquent and will be subject to further action, such as restriction or suspension of driving or registration privileges, contempt hearing, garnishment and/or levy of personal property. New cases that aren't delinquent CAN NOT be added to an existing agreement and a wage assignment does not automatically transfer to a new employer. This agreement does NOT excuse you from any court hearing. Additional information/payments can be seen/made at **www.iowacourts.state.ia.us**.
