Board of Supervisors and Citizens
Black Hawk County, Iowa

The Comprehensive Annual Financial Report (CAFR) for Black Hawk County, Iowa for the fiscal year ended June 30, 2011 is hereby submitted.

Each year the County publishes a complete set of audited financial statements as part of an annual single audit to conform to the provisions of OMB Circular A-133, "Audits of States, Local Governments, and Nonprofit Organizations". The County assumes full responsibility for the completeness and reliability of the information contained in this report. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Williams & Company, P.C., Certified Public Accountants, have issued an unqualified ("clean") opinion on the Black Hawk County financial statements for the year ended June 30, 2011. This independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Black Hawk County

The first government of Black Hawk County, Iowa was organized August 17, 1853. It is located in the northeast part of the state. The county currently occupies 576 square miles and is the 4th most populous county in the state. The 2010 census population of 131,090 is up 2.4% from the 2000 census figure of 128,012. Black Hawk County is empowered to levy a property tax on both real and personal property located within its boundaries.

Black Hawk County currently operates under a five-member Board of Supervisors. Each member is elected at large to a four-year term. The Board of Supervisors is the legislative authority over Black Hawk County. Annually, the Board adopts a budget and establishes tax rates to support County programs. Also elected to four-year terms at large are the following officials: Attorney, Auditor, Recorder, Sheriff, and Treasurer. These officials, along with department heads appointed by the Board, are responsible to administer the programs and policies adopted by the Board of Supervisors as well as the budget amount allocated to their department by the Board.

Black Hawk County provides a full range of services. These services include public safety and legal services, physical health and social services, mental health and developmental disabilities services, county environment and education, construction and maintenance of secondary roads, general administrative services and planning and zoning.

Black Hawk County is required by the State of Iowa to adopt an annual budget for the total operating expenditures of the County by function area. This is the foundation of financial planning and control for the County. The budget is prepared by fund (e.g., general, special revenue, debt), function (e.g. public safety), and department (e.g. Sheriff, Conservation). Departments can transfer resources within a department as they see fit. Transfers between departments, however, need special approval for the Board of Supervisors in the form of an amendment to the budget.

Local Economy

Black Hawk County is the fourth largest county in population in the State of Iowa. The cities of Cedar Falls and Waterloo make up just over 80% of the population with the remainder living in smaller towns, each are under 2,500 in population, and on farms.

Population since the 2000 Census figure of 128,012 had been declining slightly. Recent estimates had shown a slight increase the past few years with the 2010 population now at 131,090. The unemployment rate was at 5% in 2004-2005. Over the next few years the rate averaged between 4% and 4.5% until October of 2009 as the economy worsened and the unemployment rate reached a high of 7.4%. Since that time, the rate had been gradually falling to 5.5% in September 2010, before increasing to 6.7% in January 2011. Forecasts show the rate dropping to below 6% and staying close to that amount for the remainder of the calendar year.

The major industries located within the County's boundaries and the primary employers from each are as follows: Farm tractor and component manufacturing – John Deere, Health care – Covenant Medical Center and Allen Memorial Hospital, Pork processing – Tyson Foods, Bath and kitchen cabinet manufacturing – Omega Cabinets Limited and Bertch Cabinets, Retail and financial service providers – Hy-Vee, Target distribution, Wal-Mart and GMAC mortgage, and Entertainment – Isle of Capri Casino.

Recently, several businesses have announced record earnings, plans for expansion, or the construction of a new business in the County. This should help overall employment within the County and provide additional capital investment as well.

Deere and Company, the largest employer in the county, recently reported record earnings for the fourth-quarter. Double-digit sales increases of locally built tractors helped Deere achieve earnings of \$670 million for the quarter. Net Income increased from \$1.87 billion the prior year to approximately \$2.8 billion for 2011. Deere's Waterloo operations have been cited as a major contributor to the success of the fourth-quarter as large equipment sales remain strong with a record year for sales and net income for the division. Deere and Company recently announced that they are committing an additional \$90 million in investments to make improvements to the Waterloo foundry to eventually reduce costs and improve the overall cost-structure. Predictions for 2012 are for an even stronger year for the large equipment division.

Construction continues on the Hawkeye Community College regional truck training center. The total project will be built in phases with the overall finished cost estimate totaling approximately \$4 million. The center will provide hands-on training for driving large trucks, buses, motorcycles, police vehicles and numerous other vehicles. Additions to the training center were recently announced. They include both a \$1.38 million building to house a virtual hospital, along with a 10,000 square foot building for truck driving simulation and training work. The virtual hospital will be the second such building in the State and will assist in training individuals going into the medical field. Completion of these projects is scheduled for February of 2012.

Plans to build the Cedar Valley SportsPlex have also progressed. The \$23 million facility will include a gymnasium with basketball courts, a walking / running track, weight-lifting and cardio areas, and indoor soccer fields, along with other amenities. Bids for the 127,300 square foot facility will be opened in the coming weeks with construction for the project anticipated to be completed in October of 2013. An additional recreational pool is also scheduled at the facility with construction for that phase estimated to be completed in October of 2016. Private funds are being utilized for the majority of the funding to date.

Construction continues on a new human services campus just south of downtown Waterloo. The plan involves relocating three organizations into new facilities, Operation Threshold, the Northeast Iowa Food Bank and a facility for the Iowa Department of Corrections. Operation Threshold has completed their new building with approximately 27,600 square-feet of space. The prior location of the office was flooded in June of 2008. The \$6 million, 26,000 square-feet project for the Department of Corrections woman's facility has also been completed. Plans for the 45,000 square foot-food distribution center for the Food Bank continue to move forward as additional pledges have been secured for the approximate \$7 million needed to construct the facility. The distribution center currently serves 16 counties and has struggled to keep up with demand in past years due to space limitations. The Food Bank hopes to break ground July of 2012 with completion in July of 2013.

Plans for the Riverview Gardens in downtown Cedar Falls are moving ahead after three years of planning and development. The property will house three total buildings: two condominium buildings and one smaller commercial building. A restaurant is anticipated

years of planning and development. The property will house three total buildings: two condominium buildings and one smaller commercial building. A restaurant is anticipated to be housed in one of the condominiums. A total of 67 condo units and 20,000 square-feet of commercial space will exist when completed. The project will be built in phases with the final estimated value at approximately \$17 million.

A new industrial park is being developed in the northern portion of Cedar Falls. The industrial park will be located near the airport and will serve heavier industrial uses than the existing industrial park. One of the unique opportunities this industrial park will present is the access it will have for transportation by highway, rail or air. The park will be on 103 acres and consist of 20 lots. Potential occupants such as the Hudson Co-op are already relocating to the industrial park. The park hopes to add additional occupants during the next few months.

During the past ten years, the County's total expenses including debt and capital projects have decreased 8.8% overall. The largest factor in the decrease is in the Mental Health service area which saw a \$14.7 million decrease. Approximately \$11.7 million of the decrease is attributed to moving the Country View Care Facility into a non-budgetary enterprise fund. The decrease in Mental Health expenses offset significant increases in the Capital Projects and County Environment and Education service areas. These areas increased almost 800% and 205% respectively over the last ten years. The increase in the Capital Projects area is due to a significant increase in bonds being issued for road and bridge projects as the County tries to repair and reconstruct the aging bridge and road infrastructure within the County. County Environment and Education saw the second largest increase in expenditures due to the replacement of one of two nature trail bridges damaged during the floods of 2008, along with other flood related recovery projects. Construction on the second bridge should begin in the summer of 2012. The largest dollar increase was also in the Capital Projects category at \$7.76 million over the ten year period.

For the same ten year period, the County's total revenue has increased by 2.2%. Some areas have had very significant percentage increases such as the Miscellaneous Revenue category due to increased fine collections along with the Licenses and Permits area at just under 151% and 44% respectively, although the Licenses and Permits dollar increase was only \$151,000 compare to the \$1.9 million increase in the Miscellaneous category. Intergovernmental revenue decreased 35.4% or \$8.57 million primarily due to moving the Country View Care Facility into a non-budgetary enterprise fund. This decrease offset an increase of \$8.56 million in Property and Other County Tax of the last ten years.

Long-Term Financial Planning

The unassigned general fund balance for Black Hawk County is at 18.8 percent of the total general fund expenditures. The fiscal year 2011 percentage figure is in the middle of the 15 – 20 percent range, which is the preferred range for Black Hawk County. The total combined general fund balance (restricted, committed, and unassigned) is at just over 30% of total general fund expenditures. This is above the 25 percent threshold, which is the overall goal for the County. Black Hawk County will continue to diligently manage both of these balances so as to remain at or within the thresholds that are preferable for the County.

The County's secondary road system is also being continually reviewed. An aggressive multi-year plan to address deteriorating roads and bridges across the County was developed and implemented in early fiscal year 2009 and will continue for the next few years. Prior to the implementation of the plan, a special election for the rural residents of the County was held by the Board of Supervisors to change the Local Option Sales Tax (LOST) usage to help fund the road plan. The vote passed and changed the usage of the Local Option Sales Tax funds from 100% of the funds going for property tax relief to reallocating half of the amount towards road construction and the other half remaining for property tax relief.

Black Hawk County continues to follow the twenty-year plan that was created with the assistance of the Institute for Decision Making at the University of Northern Iowa. As the three to five year plans for each department are reviewed, they will continue to be implemented into the budget for each fiscal year going forward. The overall twenty-year plan will be reviewed and adjusted as additional information and trends emerge.

Relevant Financial Policies

Black Hawk County has designated a portion of its fund balance for tax stabilization and to offset termination of benefit payments. Part of this balance is to offset increases in the debt service tax rate if it hits the pre-determined threshold, with the remaining designated balance used to offset unanticipated, unbudgeted retirement payouts that may occur throughout the year and can not be offset through the normal budget amendment process. The estimated total liability for the retirement payouts is just under one million dollars. A recent sale of County owned farm land provided enough funding to offset this liability. Black Hawk County also recently approved a series of financial policies to help outline the goals and guidelines that the County operates the budget within.

Major Initiatives

There are four large bridges throughout Black Hawk County that span the Cedar River. Each has been in need of various levels of repair or replacement in recent years. Two of those bridges have been replaced. The third bridge replacement project which involves a pair of bridges is currently in process and scheduled to be finished in the fall of 2012. The estimated cost is just under \$7 million. The final of these four bridges will most likely be replaced in the next five to ten years.

Additionally, there are two bridges that are part of the Cedar Valley Nature Trail within Black Hawk County that also span the Cedar River. Flooding that occurred in the County during the summer of 2008 closed and damaged both of these bridges beyond repair. Engineering studies were completed outlining the costs of replacement or potential repair of each bridge. One of the bridges qualified for FEMA funding to be completely replaced. Construction started in the spring of 2010 and finished in July 2011. Funding for the second and larger of the two bridges was recently received from the State. The design of the bridge is almost complete with anticipated construction set to begin in the spring or summer of 2012.

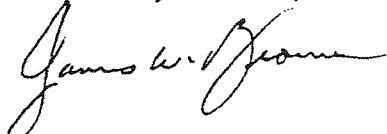

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Black Hawk County, IA for its comprehensive annual financial report for the fiscal year ended June 30, 2010. This was the sixth year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I would like to thank all of the County employees and other individuals that assisted in the preparation of the Comprehensive Annual Financial Report. Most notably, I would like to thank the entire staffs of both the Auditor's Office and Treasurer's Office. The completion of this report could not have been accomplished without their efficient and dedicated service. The excellent service provided by the County's independent auditors, Williams & Company, P.C. is also greatly appreciated. Finally, I would like to thank the Board of Supervisors for their leadership and support without which preparation of this report would not have been possible.

Respectfully submitted,

James W. Bronner
Finance Director

INDEPENDENT AUDITORS' REPORT

Board of Supervisors
Black Hawk County, Iowa

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information, of BLACK HAWK COUNTY, IOWA (the County) as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the County. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Black Hawk County, Iowa as of June 30, 2011, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2011 on our consideration of Black Hawk County, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

U.S. generally accepted accounting principles require that the management's discussion and analysis, budgetary comparison information, and schedule of funding progress for the retiree health plan be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during

our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

As management of Black Hawk County, Iowa, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of Black Hawk County, Iowa (the "County") for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which is located in the Introductory Section at the front of this report.

Financial Highlights

- The assets of the County exceeded liabilities at the close of the fiscal year ended June 30, 2011 by \$87,406,724 (net assets). Of this amount, \$16,927,314 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors. For the fiscal year ended June 30, 2010, assets exceeded liabilities by \$77,186,281. Of this amount, \$12,523,078 was unrestricted.
- The County's total net assets increased by \$10,220,443 during the fiscal year ended June 30, 2011. Governmental activities increased \$6,204,674 and business-type activities increased by \$4,015,769. For fiscal year ended June 30, 2010, total net assets increased \$1,386,040. Governmental activities increased \$1,453,989 and business-type activities decreased \$67,949.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$39,296,108, an increase of \$15,620,444 in comparison with the prior year. Approximately 17.5 percent of this is unassigned fund balance which is available for spending at the County's discretion. As of the close of fiscal year June 30, 2010, governmental funds reported combined ending fund balances of \$23,675,664.
- At the end of the current fiscal year, the County's unassigned fund balance for the General Fund was \$6,889,135 or 18.8 percent of the total General Fund expenditures. These funds will be needed to meet expenditures until the next semi-annual property tax revenue is received. The unreserved, undesignated fund balance for the General Fund as of June 30, 2010 was \$6,073,637 or 15 percent of total General Fund expenditures.
- The County's total debt increased by \$15,688,491 (56 percent) during the current fiscal year. Total debt for the fiscal year June 30, 2010, increased by \$4,054,067 (15 percent).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Black Hawk County, Iowa's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to private-sector business.

The statement of net assets presents information on all of Black Hawk County, Iowa's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include public safety and legal services, physical health and social services, mental health, County environment and education, road and transportation, governmental services to residents, administration and interest on long-term debt. The business-type activities of the County include the Washburn rural sewer and Washburn rural water operations and the Country View Care Facility.

The government-wide financial statements include Black Hawk County, Iowa (known as the primary government) and two blended component units: Drainage Districts and the Friends of Hartman Reserve, Inc.

The government-wide financial statements can be found on pages 24 through 26 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Black Hawk County, Iowa, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the County's funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements and is typically the basis used in developing the next annual budget.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison.

Black Hawk County, Iowa, maintains thirteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Mental Health Fund, Rural Services Fund, Secondary Roads Fund, Debt Service Fund and Capital Projects Fund, all of which are considered to be major funds. The County has elected to treat the Rural Services Fund and Secondary Roads Fund as major for public interest purposes. Data from the other seven governmental funds are combined into a single, aggregated presentation under the column heading "Nonmajor Governmental Funds." Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

The County presents budgetary information as allowed by GASB Statement No. 41. The County adopts an annual appropriated budget for all governmental funds. Formal and legal budgetary control as required by state statute is based upon nine major classes of expenditures known as functions, not by fund or fund type.

The basic governmental fund financial statements can be found on pages 27 through 32 of this report.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the Washburn rural sewer system, the Washburn rural water system and the Country View Care Facility. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Black Hawk County, Iowa utilizes three internal service funds to account for its health insurance, self-insurance and office equipment programs. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for all the enterprise funds as a single aggregated presentation as they are all considered nonmajor. Additionally, all internal service funds are combined into a single, aggregated presentation in the proprietary fund's financial statements. Individual fund data for the enterprise funds and internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund's financial statements can be found on pages 34 through 37 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Black Hawk County, Iowa's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund's financial statements can be found on page 38 of this report.

Notes to basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 39 through 56 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also provides certain required supplementary information concerning Black Hawk County, Iowa's budgeted amounts for fiscal year 2011. Required supplementary information can be found on pages 57 and 59 of this report.

The combining statements referred to earlier in connection with nonmajor special revenue funds, capital project funds, enterprise funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 60 through 73 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve as a useful indicator of a government's financial position. In the case of Black Hawk County, Iowa, assets exceeded liabilities by \$87,406,724 at the close of the most recent fiscal year.

Black Hawk County, Iowa
 Management's Discussion and Analysis
 For Fiscal Year Ended June 30, 2011

By far the largest portion of the County's net assets (65 percent) reflects its investment in capital assets (e.g., land, buildings, equipment, improvements other than buildings and infrastructure); less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be liquidated to cover the liabilities.

An additional portion of the County's net assets (16 percent or \$28,700,951) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (19 percent or \$16,927,314) may be used to meet the County's ongoing obligations to citizens and creditors.

Net assets restricted through enabling legislation consists of \$1,692,454 for debt service, \$4,313,596 for mental health, \$1,388,393 for secondary roads, and \$3,973,689 for supplemental levy purposes and \$2,374,089 for various other restricted purposes, as of June 30, 2011.

At the end of the current fiscal year, Black Hawk County, Iowa is able to report positive balances in all three categories of net assets, for the government as a whole, as well as for its separate governmental activities.

Governmental activities: Governmental activities increased the County's net assets by \$6,204,674, as shown on the chart as follows. The 8.3 percent increase in net assets of the governmental activities is primarily the result of moving the Country View Care Facility into a non-budgetary enterprise fund reflected in the significant increase in business-type activities for FY11. The overall impact to mental health funding resulted in a significant decrease in both expenditures and revenue of \$11 million dollar and \$13 million respectively. Additionally reductions in mental health expenditures were a result of the timing of expenditures in the County Social Services department. Those expenditures were \$5 million less than in FY10. The movement of the care facility also impacted the Physical Health and Social Services area over \$3 million dollars as well for expenditure in the facility not related to mental health.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

The County enjoyed increases in various revenue sources: property tax revenue increased approximately \$123,000 due primarily to an increase in taxable assessed valuation partially offset with a decrease in property tax rates; and increases in capital grants, contributions, and restricted interest of over \$3 million due to bridge replacement funds through FEMA as well as a continuation of funds for the Federal Jumpstart program.

Miscellaneous revenues represent items that are not large enough to have an individual classification such as donations, various property rentals and other miscellaneous revenue items. This amount will fluctuate year to year given the nature of the revenues.

Public safety and legal services expenditures increased approximately \$971,000. This is primarily from increased health care costs for inmates of \$250,000 as the County shifted to twenty-four hour coverage in the jail along with salary and benefits increases in various departments such as the Sheriff's Office, Attorney's Office and Consolidated Communications.

Physical health and social services decreased approximately \$3.3 million as mentioned previously due to relocating the Country View Care Facility from the Mental Health Fund into a non-budgetary enterprise fund for FY11 for better tracking of the revenues and expenses.

County environment and education increased approximately 2% or \$94,000 due to salary and benefit increases for the Conservation Department.

Mental health functional expenses decreased by approximately \$17.6 million as was discussed previously. The reduction is primarily the result of moving the Country View Care Facility into a non-budgetary enterprise fund reflected to better track the revenues and expenses of the facility. The overall impact to Mental Health funding resulted in a significant decrease in both expenses and revenue of \$11 million dollar and \$13 million respectively. Additionally reductions in mental health expenses were a result of the timing of expenses in the County Social Services department. Those expenses were \$5 million less than in FY10.

Business-type activities: Business-type activities increased the County's net assets by \$4,015,769.

Financial Analysis of the Government's Fund Financial Statements

As noted earlier, Black Hawk County, Iowa uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The financial reporting focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances serve as a useful measure of a government's net resources available at the end of the fiscal year.

The County's governmental funds reported combined fund balances of \$39,296,108 as of June 30, 2011. This was an increase of \$15,620,444, or 66 percent, over the prior year. This is primarily a result of modest increases in the General Fund and Mental Health Fund along with significant increases in the Capital Projects Fund. Of this total combined fund balance amount, \$6,889,135 constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is restricted, committed or assigned to indicate that it is not available for new spending because it has already been allocated 1) for purposes of the supplemental tax levy, 2) to fund various debt service payments and 3) for assets that will not be liquidated in the near term.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the unassigned balance of the General Fund was \$6,889,135, while total fund balance reached \$11,768,026. As a measure of the General Fund's liquidity, it is generally useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 18.8 percent of total General Fund expenditures, while total fund balance represents just over 30 percent of that same amount. These funds will be needed as working capital during the initial months of the new fiscal year as property tax revenue is only collected semiannually, in September and March.

The fund balance for Black Hawk County, Iowa's General Fund increased by \$1,528,507 during the current fiscal year. The single largest factor in the increase in fund balance was an increase in intergovernmental revenues above what was anticipated of \$1.3 million. The majority of the revenue increase resulted from \$750,000 in additional Community Development Block Grant funds and FEMA funds along with \$250,000 in additional federal and state grant funds in the Health Department.

The Mental Health Fund had a fund balance of \$4,315,407, all of which is to be used for mental health functional expenditures. The fund balance increased by \$3,304,889 during fiscal year 2011. This increase is attributed to actual expenditures ending well below anticipated amounts in the County Social Services area.

The Rural Services Fund had a fund balance of \$1,555,669, which increased \$194,754 from the prior year. The fund increase is due to higher than expected Local Option Sales Tax revenue for fiscal year 2011.

The Secondary Roads Fund had a fund balance of \$1,345,489, which increased \$217,975 from the prior year. The primary reason for the increase in fund balance is the fluctuation that occurs due to the timing of planned maintenance and capital projects.

The Debt Service Fund had a fund balance of \$1,814,298 all of which is restricted for the payment of debt service (i.e. payment of general obligation principal and interest). The increase in fund balance of \$342,518 was due primarily to the funds from the Local Option Sales Tax that offsets some of the debt payments being higher than anticipated for FY11.

The Capital Projects Fund had a total fund balance of \$17,652,723. This fund balance increased \$9,937,322 due to the timing of the bond proceeds and the related project expenditures. The bond proceeds for fiscal year 2012 projects were received in fiscal year 2011, but the project expenditures will not occur until fiscal year 2012, resulting in an increase in fund balance for fiscal year 2011 above the anticipated bond proceeds for FY11 projects were also received in FY11.

Proprietary Funds. The Black Hawk County, Iowa's proprietary funds provide the same type of information found in the government-wide financial statements, except in more detail. The Country View Care Facility is the only major enterprise fund.

Budgetary Highlights

The County presents budgetary information as allowed by GASB Statement No. 41. Budgets are based on nine functional areas as required by state statute, not by fund or fund type.

Over the course of the year, Black Hawk County, Iowa amended its budget two times. The budgetary comparison schedule provides more information.

Black Hawk County, Iowa
Management's Discussion and Analysis
For Fiscal Year Ended June 30, 2011

Key changes in the budget amendments are as follows:

Expenditures increased \$10,899,096, which included:

- Approximately \$7.744 million for projects that began in fiscal year 2010, but finished in fiscal year 2011. The majority of these projects, \$7.043 million, were road and bridge projects along with \$226,000 in E911 Fund and \$475,000 in the Capital Improvement Fund.
- Approximately \$1.468 million in flood related expenses such as \$598,000 in bridge and nature trail repairs, \$600,000 in pass-through funds for the Federal Jumpstart program, and \$270,000 for the construction of a safe room in the Hickory Hills Conservation Park.
- Approximately \$385,000 in culvert and road repairs from the Secondary Roads Fund.
- Approximately \$340,000 for items in the Sheriff's Office. They consist of \$100,000 in housing inmates out of County, \$100,000 in additional room & board expenses, and \$140,000 in additional inmate healthcare costs.
- Approximately \$346,000 in additional federal and state grants from the Health Department. These additional expenses are offset by revenue as shown in the section below.
- Approximately \$160,000 in increased costs associated with the Toledo Juvenile Home as well as \$301,000 in additional repairs from the Maintenance department such as sprinkler corrections, chiller repairs, elevator upgrades / repairs and a phone system upgrade.

Revenues increased \$3,886,910 which included:

- Approximately \$1,575,000 in bond proceeds that were sold in FY2010, but needed to complete projects in FY2011.
- Approximately \$1.82 million in flood recovery items such as \$600,000 in pass-through funds for the Federal Jumpstart program, \$352,000 in I-JOBS and FEMA funds for road and culvert repairs, \$598,000 in grant and FEMA funds for bridge and nature trail repairs, \$270,000 in FEMA funds for the construction of a safe room in the Hickory Hills Conservation Park.
- Approximately \$322,000 in additional federal and state grant funding for the Health Department.

Capital Assets and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2011 amounts to \$82,916,498 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, vehicles and equipment, construction-in-progress and infrastructure. The total increase in Black Hawk County, Iowa's capital assets for the current fiscal year was 11 percent.

Major capital asset events during the current fiscal year included the following:

- Multiple secondary road projects including the replacement of the bridge deck on the Cedar Wapsi bridge along with numerous deck and structure repairs of other bridges were made. Additionally, reconstruction and resurfacing of approximately 9 miles of road was completed during fiscal year 2011.
- A new energy efficient boiler system was installed in the Pinecrest building along with new ceiling and floor tiles in the Country View care facility.
- A large shower building was constructed at the Hickory Hills park for the Conservation Department as well as the Evansdale bridge over the Cedar Valley Nature Trail being completed shortly after the end of the fiscal year.
- The kitchen at the Youth Shelter was remodeled and a new roof was placed on the Juvenile Court Services building.

Additional information concerning the County's capital assets can be found in Note 5 of the Notes to Basic Financial Statements on pages 41 and 42.

Long-term debt. At the close of the fiscal year ended June 30, 2011, the County had total long-term debt outstanding of \$46,238,042. Of this amount, \$43,815,000 comprises debt backed by the full faith and credit of the government and the remaining \$2,423,042 represents capital lease obligations and accrued compensated absences for the County's employees.

Economic Factors and Next Year's Budget and Rates

Black Hawk County's elected and appointed officials and citizens considered many factors when setting the fiscal year 2012 budget and the tax rates charged for various County activities. County officials are sensitive to economic factors such as the unemployment rate. The rate had decreased from 4.5 percent in January of 2007 to 4.4 percent in January 2008. January of 2009 saw a significant increase in the unemployment rate to 5.1 percent, reflecting the overall state of the economy. As the economy worsened, the unemployment rate peaked at 7.9% in October of 2009, but has gradually decreased since that time to 6.0% at the end of 2010. The rate remained steady and then slightly declined throughout 2011 before hitting 5.5% in September.

In an ongoing effort to maintain County services with minimal increases in tax levies, the Black Hawk County Board of Supervisors has sought efficiencies, including the outsourcing of duties and reduced fund balances as well as eliminating positions. In 2002, the year-end Combined General Fund balance (General Basic and General Supplemental) had fallen to \$4,262,756 or just over 13 percent of expenditures. Since then, while maintaining minimal increases in tax levies, the Combined General Fund balance had increased to a fiscal year 2008 figure of \$11,007,968, before the recent economic downturn occurred and the fund balance decreased to a fiscal year 2010 figure of \$10,239,519. During FY11, the fund balance was increased to the largest amount it has been since the mid-1990's. This amount is just over 30 percent of expenditures which is at the upper end of the preferred range of 25 to 30 percent for Black Hawk County.

For fiscal year 2012, amounts available for appropriation are \$67.87 million. Budgeted expenditures are expected to increase approximately \$7.5 million over FY11 actual figures, while budgeted revenues are expected to decrease \$14 million. Of the expenditure increase, the Mental Health, MR & DD category is budgeted to increase approximately \$3.4 million due to increases in the demand for mental health services in the community. The remaining increases include expenditures of \$1.2 million for additional equipment purchases in the Engineer's Office along with an additional \$3 million in County Environment and Education fund primarily for bridge replacement and other construction related items for the Conservation Department. The decrease in revenues for FY12 compared to the FY11 actual figures is almost entirely due to a large reduction of \$17.4 million in bond proceeds. This reduction offsets the increases of \$1.1 million in property taxes and \$2.2 million intergovernmental revenue. If these estimates are realized, the County's budgetary operating balance is expected to slightly increase by the close of 2012.

In comparing fiscal year 2010 data for all counties, it is seen that Black Hawk County's levy rates are somewhat high falling into the top quarter of all counties. However, this is partly a result of a relatively low valuation. While Black Hawk County is fourth in the state in population and fifth in overall taxable valuation, it is 87th in per capita valuation. The County's economy in spending is demonstrated by the fact that it is 90th among the 99 counties in per capita spending and 97th in per capita taxes.

COUNTY OF BLACK HAWK, IOWA**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES****Year Ended June 30, 2011**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (page 31)	\$ 15,620,444
--	---------------

Governmental funds report capital outlays, including infrastructure, as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlays exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	\$ 11,717,529
Depreciation expense	<u>(3,601,457)</u>
	8,116,072

Capital Assets transferred to the Enterprise Funds from the Governmental Funds that are not reflected on the governmental funds	(1,943,977)
---	-------------

Governmental funds report the proceeds from the sale of fixed assets as revenue whereas the statement of activities reports the gain on the sale of fixed assets. This is the effect on the change in net assets on the statement of activities.	2,209
--	-------

Transfer of employee benefit liabilities to a newly created enterprise fund, this transfer is not reflected on the Governmental Fund statements.	649,101
--	---------

Revenues reported in the funds that are not available to provide current financial resources.	(396,256)
---	-----------

Accrued interest expense that does not require current financial resources.	(33,133)
---	----------

Proceeds from issuance of long term debt.	(18,905,000)
---	--------------

Internal service funds are used by management to charge the costs of partial self-insured health insurance. The net revenue of the internal service funds is reported with governmental activities.	168,016
---	---------

Compensated absences that do not require current financial resources.	81,430
---	--------

Other Post-Employment Benefits that do not require current financial resources.	(145,796)

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

Year Ended June 30, 2011

The repayment of the principal of bonded long-term debt consumes the current financial resources of governmental funds without affecting the net assets. The statement of activities does not reflect the payment of principal on bonded long-term debt. The principal paid on bonded long-term debt during the current year was:

Repayment of debt principal	3,046,508
Bond Issuance Costs	100,714
Discount on issuance of long term debt	88,301
Premium on issuance of long term debt	(181,643)

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - Summary of Significant Accounting Policies

The County of Black Hawk, Iowa (the County) is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Recorder, Treasurer, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

The County's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board. The Governmental Accounting Standards Board is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance. The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Reporting Entity

For financial reporting purposes, the County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

Blended Component Units

These financial statements present Black Hawk County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County. Each of the component units have a June 30 year-end. Blended Component Units are entities that are legally separate from the County, but are so intertwined with the County that they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

Drainage Districts: Certain drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed, and supervised by the Black Hawk County Board of Supervisors, which is the same governing board as the primary government. The drainage districts are reported as a special revenue fund. Financial information of the individual drainage districts can be obtained from the Black Hawk County Auditor's Office.

Note 1 - Summary of Significant Accounting Policies – (Continued)

The Friends of Hartman Reserve, Inc.: The Friends of Hartman Reserve, Inc. has been incorporated under the provisions of the Iowa Nonprofit Corporation Act, Chapter 504A of the Code of Iowa, for the purpose of providing volunteer resources, including personnel and financial resources, for the Hartman Reserve Nature Center and its governing organization, the Black Hawk County, Iowa Conservation Board. The Center is reported as a special revenue fund. Friends of Hartman is shown as a blended component unit, as it only serves and provides resources to Black Hawk County. Financial information can be obtained from the Black Hawk County, Iowa's Auditor's Office at 316 East 5th Street, Waterloo, Iowa 50703.

Jointly Governed Organizations - The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The Black Hawk County, Iowa's Board of Supervisors are members of or appoint representatives to the following boards and commissions: Black Hawk County, Iowa's Assessor's Conference Board, County Emergency Management Commission and Black Hawk County, Iowa's Joint E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in an Agency Funds of the County.

The County also participates in the following jointly governed organizations established pursuant to Chapter 28E of the Code of Iowa: Black Hawk County Criminal Justice Information System, Black Hawk County Solid Waste Management Commission, Multi-County Drug Prosecution Unit, Tri-County Drug Task Force, Northeast Iowa Response Group, Iowa Northland Regional Housing Council, Iowa County Engineers Association Service Bureau, Consolidated Public Safety Communication Center and North Iowa Juvenile Detention Services Commission.

B. Basic Financial Statements – Government-Wide Statements

The County's basic financial statements include both government-wide (reporting the County as a whole) and fund financial statements (reporting the County's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The County's Public Safety and Legal Services, Physical Health and Social Services, County Environment and Education, and Government Services to Residents are classified as governmental activities, and the Country View Care Facility, Rural Water and Rural Sewer funds are classified as business-type activities. The County's internal service funds are classified as primarily governmental type activities.

The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. In the government-wide Statement of Net Assets, the governmental and business type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The County first uses restricted resources to finance qualifying activities.

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - Summary of Significant Accounting Policies – (Continued)

The government-wide Statement of Activities reports both the gross and net cost of each of the County's functions (administration, law enforcement, courts, roads, etc.). The functions are also supported by general government revenues (property taxes, fines, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The County does not allocate indirect costs. Certain expenses of the County are accounted for through the internal service fund on a cost-reimbursement basis.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided; eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

This government-wide focus is more on the sustainability of the County as an entity and the change in the County's net assets resulting from the current year's activities.

C. Basis of Presentation - Fund Accounting

The financial transactions of the County are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in the governmental category. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria for the determination of major funds. The County electively added funds, as major funds, which had a specific community focus. The nonmajor funds are combined in a column in the fund financial statements.

Governmental Fund Types – The focus of the governmental funds' measurement (in the fund statements) is upon the determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The County reports the following major governmental funds.

1) **General Fund** – The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

2) **Special Revenue Funds**

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Secondary Roads Fund is used to account for secondary road construction and maintenance.

Rural Services Fund is used to account taxes levied to benefit the rural residents of the County.

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - Summary of Significant Accounting Policies – (Continued)

- 3) Debt Service Fund – The Debt Service Fund is used to account for the payment of interest and principal on the County's general long-term debt.
- 4) Capital Projects Fund – The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Proprietary Fund Types – The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles used are those applicable to similar businesses in the private sector. The County reports the following proprietary funds:

- 1) Enterprise Funds: To account for operations financed and operated in a manner similar to private business enterprises where the intent of the governing body is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis to be financed or recovered primarily through user charges.

The County's major enterprise fund:

Country View Care Facility: To account for the activities and operations of the County's certified care facility.

- 2) Internal Service Fund – Accounts for the County's self-insurance fund, office equipment fund and health insurance fund.

The County's internal service fund is presented in the proprietary fund financial statements. Because the principal users of the internal services are the County's governmental activities, the financial statements of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

Fiduciary Fund Types - Fiduciary funds are used to report assets held in an agency or custodial capacity for others and therefore not available to support County programs. Since agency funds are custodial in nature, they do not involve the measurement of results of operations and are not incorporated into the government-wide statements.

The agency funds of the County account for the property taxes levied by political subdivisions within the county, collections of those amounts by the county, and the remittance of the collected amounts to the subdivisions.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual accounting is used for all activities in the government-wide financial statements and for the proprietary and fiduciary activities in the fund financial statements. Revenues are recognized when earned and expenses are recognized when incurred.

Modified accrual is used by all governmental funds in the fund financial statements. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - Summary of Significant Accounting Policies – (Continued)

"Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year-end. A 60-day availability period is used for revenue recognition for all other governmental fund revenues with the exception of expenditure-driven grants. A one-year availability period is used for expenditure-driven grants.

Expenditures are recorded when the related fund liability is incurred. An exception to this general rule is that principal and interest on general obligation debt, if any, is recognized when due.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

Those revenues susceptible to accrual are property taxes and intergovernmental revenues. Licenses, fines and permits are not susceptible to accrual because generally they are not measurable until received in cash.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's internal service fund is charges to customers for sales and services. Operating expenses for internal service funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

E. Budgets – The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2011, disbursements did not exceed the amounts budgeted in any of the County's functions.

F. Cash and Pooled Investments – The cash balances of most County funds along with its component units are pooled and invested. The County has defined cash and cash equivalents to include cash on hand and demand deposits. In addition, each fund's equity in the county's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. The County and its component units use the following method in determining the reported amounts:

<u>Type</u>	<u>Method</u>
Certificates of Deposit	Cost
Investments	Fair Value

G. Property Tax Receivable - The County's property tax rates were extended against the assessed valuation of the County as of January 1, 2009 to compute the amounts that became liens on property when the supervisors adopted the FY11 budget. These taxes were due and payable in two installments on September 30, 2010 and March 31, 2011 at the County Treasurer's Office. Property tax receivable represents taxes that are due and payable but have not been collected.

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - Summary of Significant Accounting Policies – (Continued)

H. Future Property Taxes Receivable – This represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year.

Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied. For agency funds, as no revenues are recorded, the amounts are reflected as being due to other governments.

I. Due to/from Other Funds - During the course of operations numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

J. Due to/from Other Governments - Due to/from other governments represents state tax credits due from the State of Iowa, various shared revenues, grants, and reimbursements receivable and taxes and other revenues collected by the County which will be remitted to other governments.

K. Inventories - Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

L. Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts and related benefits is reported in the governmental fund financial statements only for employees that have resigned or retired. The compensated absence liability has been computed based on rates of pay in effect at June 30, 2011. The compensated absence liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Rural Services and Secondary Roads Funds.

M. Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year-end.

Deferred revenue in the Statement of Net Assets consists of future year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

N. Capital Assets – Capital assets, which include property, equipment and vehicles, and infrastructure assets (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the government), are reported in the

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements

Note 1 - Summary of Significant Accounting Policies – (Continued)

governmental activities column in the government-wide statement of net assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of \$5,000. Property and equipment of the County is depreciated using the straight line method over the following estimated useful lives:

Improvements Other Than Buildings	10 – 25 Years
Buildings and Structures	10 – 50 Years
Infrastructure	15 – 65 Years
Machinery and Equipment	5 – 20 Years

O. Discounts, premiums and issuance costs on long-term debt – In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net assets. Discounts and premiums on the issuance of long-term debt as well as issuance costs, are deferred and amortized over the life of the debt using the effective interest method.

In the fund financial statements, governmental fund types recognize discounts and premiums on long-term debt as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Discounts and premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

P. Fund Equity – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned – Amounts the Board of Supervisors intend to use for specific purposes.

Unassigned – All amounts not included in other classifications.

Q. Net Assets – The net assets of the Internal Service Funds is designated for anticipated future catastrophic losses of the County.

Note 2 - Cash and Investments

As of June 30, 2011, the County's cash and investments were as follows:

Cash, statement of net assets	\$ 36,526,567
Cash, fiduciary funds	7,259,895
Investments	<u>12,027,342</u>
	<u><u>\$ 56,304,303</u></u>

The County maintains cash and investment pools for certain funds where the resources have been pooled in order to maximize investment opportunities. Income from investments is recorded in the General Fund unless otherwise provided by law.

Authorized investments: The County is authorized by statute and policy to invest public funds in interest-bearing savings accounts, money market accounts and checking accounts, obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the County and State of Iowa Statute, Chapter 12C; and perfected repurchase agreements, pooled funds including but not limited to mutual funds, trusts and third party management arrangement or improvement certificates of a drainage district. However, the County's investment policy additionally limits investments stating that any bank must be on the most recent State of Iowa Approved Bank List. Additionally, investments in (1) reverse repurchase agreements and (2) securities derived from interest-only cash flows from an underlying collateral debt instrument where there is risk of loss due to early redemption of the collateral are prohibited.

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. In accordance with the County's investment policy, the County minimizes the market value risk of investments in the portfolio by separating operating funds from other funds available for investment. Operating funds may not be invested in investments with maturity dates in excess of 397 days. Nonoperating funds may be invested in investments with maturities no greater than 30 months. This ensures that securities mature to meet cash requirements for operations, thereby avoiding the need to sell securities in the open market prior to maturity.

Investment Type	Maturities	Fair Value
IPAIT Diversified, Money Market Mutual Fund	N/A	\$ 11,513,449

Money market mutual fund	N/A	4,273
Mutual funds, equities	N/A	445,718
		<u><u>\$ 12,027,342</u></u>

Credit risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

As of June 30, 2011, the County's investments were rated as follows:

Note 2 - Cash and Investments (Continued)

Concentration of credit risk: The County's investment policy is to apply the prudent-person rule: Investments shall be made utilizing the judgment and care, under the circumstances then present, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investments, considering probable safety of their capital as well as the probable income to be derived. The County did not have any investments in any one issuer that represent 5% more of total County investments: mutual funds are excluded from this consideration given the County does not "hold" the underlying investments.

Custodial credit risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. As of June 30, 2011, the County's investments were insured or were not subject to custodial credit risk. Time deposits in excess of FDIC insurable limits are secured by collateral or private insurance to protect public deposits in a single financial institution if it were to default. Chapter 12C of the Code of Iowa requires all County funds to be deposited into an approved depository and be either insured or collateralized. As of June 30, 2011, the County's deposits with financial institutions were entirely covered by federal depository insurance or insured by the state through pooled collateral, state sinking funds and by the state's ability to assess for lost funds.

Note 3 - Interfund Receivables and Payables

Note 6 - E911 Lease Receivable

On July 22, 2008, the County issued General Obligation Bonds Series 2008B in order to purchase equipment for the E911 Service Board (a jointly governed organization to the County). The total principal and interest on the bonds was \$4,759,709 payable in semiannual payments starting December 1, 2009 and ending June 1, 2018. As of June 30, 2011, the 2008B bonds had an outstanding balance of \$2,825,000. When fully drawn the E911 Service Board is paying the County monthly installments ranging from \$30,000 to \$155,000 through December 15, 2018 with interest rates ranging from 4.00% to 4.60% per annum. The payments for the E911 Service Board are credited directly to the Debt Service Fund. In the current year, the County purchased \$50,536 of equipment for the E911 Commission. In total as of June 30, 2011, the County has purchased approximately \$3,572,000 of equipment. As of June 30, 2011, the remaining principle balance on the lease receivable owed to the County was \$1,873,106.

Legal debt margin	\$ 190,986,549

Note 8 - Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is available to any employee who, with the consent of Black Hawk County, elects to reduce a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, inservice distribution or unforeseeable emergency. The Plan was amended to comply with IRC Section 457(b) which allowed for the Plan to hold its assets in trust. Under these new requirements, the assets of the Plan are no longer subject to the general creditors of the County. The assets are maintained in trust by the employer in connection with the Plan. The Plan is maintained for the exclusive benefit of the employee or his/her beneficiary and, therefore, the liability and corresponding investment are not reflected in the financial statements.

Note 9 - Employee Health Insurance Plan

The County is self-insured for its employee medical coverage. The internal service, Health Insurance Fund, was established to account for revenues and expenses of the County's health insurance benefit plan. The benefit plan is funded by both employee and County contributions and is administered by a third party administrator, First Administrators, Inc., a stop-loss insurance policy, has been obtained for the health plan to limit the amount of payments by the County on an individual basis to \$100,000 per year. The annual maximum coverage limit for the employee medical plan is \$1,000,000. In addition to the individual stop loss coverage, the County has purchased aggregate excess loss coverage of 125% of expected claims during the year, approximately \$5,881,204.

Monthly payments of service fees and plan contributions to the internal service, Health Insurance Fund, are recorded as expenditures from the operating funds.

Amounts payable from the internal service, Health Insurance Fund, as of June 30, 2011 totaled \$879,503 which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior year and current year claims and to establish a reserve for catastrophic losses.

Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the claims payable in fiscal years 2010 and 2011 are as follows:

Note 10 - Risk Management

Black Hawk County is exposed to various risks of loss related to torts; theft damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has purchased commercial insurance to protect against errors and omissions and injuries to employees. The County is a member of the Iowa Communities Assurance Pool (ICAP). The membership in the ICAP protects against loss related to torts; theft, damage to and destruction of assets; and natural disasters. ICAP is a risk sharing pool where liability of each member is limited to their financial contribution; no member is responsible for the liabilities of any other member. The County's 2011 contribution was \$125,000. The County is responsible for the first \$50,000 of settlements. Prior to joining ICAP, the County was self-insured for various risks of loss; \$54,346 has been accrued for these run-off claims and for the deductibles of outstanding claims under the pooled plan.

	2010	2011
Claims payable, beginning of year	\$ 110,500	\$ 83,000

Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 11 - Pension and Retirement

Iowa Public Employees Retirement System - The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Most regular plan members are required to contribute 4.50% of their annual covered salary and the County is required to contribute 6.95% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2011, 2010 and 2009 were \$1,967,861, \$1,826,850, and \$1,689,715, respectively, equal to the required contributions for each year.

Note 12 - Other Postemployment Benefits (OPEB)

Plan Description - The County operates a single-employer retiree benefit plan which provides self insured medical/prescription drug benefits for all active employees and retirees and their eligible dependents. Sheriff's deputies must be a minimum of age 50 with 22 or more years of service to be eligible for retiree benefits. All other employees must be a minimum of age 55 with four or more years of service to be eligible for retiree benefits. Benefits cease upon attaining age 65.

No stand alone financial report is issued, the plan is self-funded and included in the County's financial statements.

Funding Policy - The health insurance plan contributions on behalf of employees are negotiated by management and the union and governed by the County's union contracts. Retirees pay the full premium. The current funding policy of the County is to pay health claims as they occur.

Note 12 - Other Postemployment Benefits (OBEB) (Continued)

Annual OPEB Cost and Net OPEB Obligation – The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2011, the amount actually contributed to the plan and changes in the County's OPEB obligation:

Annual required contribution	\$ 359,000
Interest on net OPEB obligation	19,000
Adjustment to annual required contribution	<u>(87,720)</u>
Annual OPEB cost	290,280
Contributions made	<u>(82,000)</u>
Increase in net OPEB obligation	208,280
Net OPEB obligation beginning of year	<u>778,720</u>
Net OPEB obligation end of year	<u><u>\$ 987,000</u></u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2011.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal years 2009, 2010 and 2011 are summarized as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2011	\$ 290,280	28%	\$ 987,000
June 30, 2010	\$ 362,000	2.8%	\$ 778,720
June 30, 2009	\$ 487,000	12.3%	\$ 427,000

Funded Status and Funding Progress – As of July 1, 2009, the most recent actuarial valuation date for the period July 1, 2010 through June 30, 2011, the actuarial accrued liability was \$3,432,000, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,432,000. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$27,000,000 and the ratio of the UAAL to covered payroll was 12.7%. As of June 30, 2011, there were no trust fund assets.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the Notes to Financial Statements, present multiyear trend information about whether the actuarial value of plan

COUNTY OF BLACK HAWK, IOWA
Notes to Financial Statements

Note 12 - Other Postemployment Benefits (OPEB) (Continued)

assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2009 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions includes a 4.5% discount rate based on the County's funding policy. The projected annual medical trend rate is 11%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 0.5% each year until reaching the 5% ultimate trend rate.

Mortality rates are from RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Report as of June 30, 2007 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2007.

Assumptions also include a 3.0% rate of inflation and a 3.5% growth in payroll per annum. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

Note 13 - Contingencies

The County receives significant financial assistance from the U.S. government. Entitlement to the resources is generally based on compliance with terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantors. Any disallowances as a result of these audits become a liability of the fund that receives the grant. As of June 30, 2011, the County estimates that no material liabilities will result from such audits.

Pending Litigation

The County is a defendant in several lawsuits in the course of operations. In the opinion of the County Attorney and management, the resolution of such litigation will not have a material adverse effect on the future financial statements of the County.

Note 14 - Conduit Debt Obligations

The County has issued Health Care Facility and Industrial Revenue Bonds under the provisions of Chapter 419 of the Code of Iowa, to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and payable solely from the private-sector entity. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

Notes to Financial Statements
June 30, 2011

Note 14 - Conduit Debt Obligations (Continued)

As of June 30, 2011, Industrial Revenue Bonds outstanding had an original issue amount of \$8,355,000. The outstanding balance at June 30, 2011 was \$7,178,530.

Note 15 - Construction Commitment

The County has entered into contracts totaling \$17,052,765 for various bridge and road construction, engineering and other maintenance projects. As of June 30, 2011, costs of \$4,962,3010 had been incurred against the contracts. The balance of \$12,090,464 remaining at June 30, 2011 will be paid as work on the projects progress.

Note 16 - Fund Reclassification

The provisions of GASBS No.54 were implemented by the County for the fiscal year beginning July 1, 2010. Implementation required the County to reclassify the Conservation Land Acquisition Fund from a special revenue fund to a capital projects fund.

In addition, the County at July 1, 2010 reclassified the operations of the Country View Care Facility from inclusion in the Mental Health Fund to a separate enterprise fund.

Note 17 - Subsequent Event

A resolution authorizing the issuance of general obligation capital loan notes, in the amount of \$1,540,000, was approved in August 2011. Proceeds are to be used for the acquisition of various Secondary Roads equipment.

COUNTY OF BLACK HAWK, IOWA
Notes to Required Supplementary Information – Budgetary Reporting
June 30, 2011

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the modified accrual basis following required public notice and hearing for all funds except Agency Funds and the Internal Service Fund, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized in the modified accrual budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, two budget amendments increased budgeted disbursements by \$10,899,096. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2011, disbursements did not exceed the amounts budgeted in any of the County's functions.

Source: Cities and school districts within Black Hawk County

The overlapping debt percentage is arrived at by first calculating the amount of valuation that exists for each city or school district that is partially or wholly within the County. This is determined by the County Assessor's Office.

That valuation figure is then divided by the total for the entire city or school district to determine the percentage that lies within the County. That percentage is then used proportionately to determine the amount of overlapping debt.

COUNTY OF BLACK HAWK, IOWA
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS – (Continued)
Year Ended June 30, 2011

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Black Hawk County for the year ended June 30, 2011. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the Schedule. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 2 - Significant Accounting Policies

Revenue from federal awards is recognized when the County has done everything necessary to establish its right to revenue. For governmental funds, revenue from federal grants is recognized when they become both measurable and available. Expenditures of federal awards are recognized in the accounting period when the liability is incurred.

Note 3 - Subrecipients

Of the federal expenditures presented in the schedule, Black Hawk County provided federal awards to subrecipients as follows:

Jumpstart (CDBG)	14.228	\$ 1,671,420
Federal Recreation Trail Program	20.219	\$ 151,446

Part II: Findings Related to the Financial Statements Reported in Accordance with Government Auditing Standards-

Instances of Non-compliance:

No matters were reported. There were no prior year audit findings.

SIGNIFICANT DEFICIENCIES:

II-A-11: Financial Reporting

Observation – During the audit, we identified material amounts of receivables, payables and capital asset additions not recorded in the County's financial statements. Adjustments were subsequently made by the County to properly included these amounts in the financial statements.

Recommendation – The County should implement procedures to ensure all receivables, payables and capital asset additions are identified and included in the County's financial statements.

Response – We will double check these in the future to avoid missing any receivables, payables or capital asset transactions.

Conclusion – Response accepted

Part III: Findings Related to Federal Expenditures

Year Ended June 30, 2011

Part III: Findings Related to Federal Expenditures (Continued)

Significant Deficiencies:

None Noted.

Part IV: Other Findings Related to Required Statutory Reporting

- IV-A-11** Certified Budget – Disbursements for the year ended June 30, 2011, did not exceed the amounts budgeted in any of the County's functions.
- IV-B-11** Questionable Expenses – We noted no expenditures that we believe may constitute unlawful expenditures from public funds as defined in an Attorney General's opinion dated April 25, 1979.
- IV-C-11** Travel Expenses – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.
- IV-D-11** Business Transactions – There were no business transactions between the County and County officials and/or employees during the year ended June 30, 2010.
- IV-E-11** Bond Coverage – Surety bond coverage of County officials and employees is in accordance with statutory provisions.
- IV-F-11** Board Minutes – No transactions were found that we believe should have been approved in the Board Minutes but were not.
- IV-G-11** County Extension Office – The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an extension council separate and distinct from the County operations and, consequently, is not included in these financial statements. Disbursements during the year ended June 30, 2011 for the County Extension Office did not exceed the amount budgeted.
- IV-H-11** Resource Enhancement and Protection Certification – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
- IV-I-11** Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the County's investment policy were noted.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Supervisors
Black Hawk County, Iowa:

Compliance:

We have audited the compliance of BLACK HAWK, IOWA (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. Black Hawk County, Iowa's major federal programs are identified in Part I of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's, compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance:

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Black Hawk County, Iowa's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on the responses.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of Black Hawk County and other parties to whom Black Hawk County may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Black Hawk County, Iowa

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of BLACK HAWK COUNTY, IOWA, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 27, 2011. We conducted our audit in accordance with U.S generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting:

In planning and performing our audit, we considered Black Hawk County, Iowa's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Black Hawk County, Iowa's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Black Hawk County, Iowa's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as item II-A-11, that we consider to be a material weakness in internal control over financial reporting.

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether Black Hawk County, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2011 are based exclusively on knowledge obtained from procedures performed during our audit

of the basic financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Black Hawk County, Iowa's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Black Hawk County, Iowa's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of Black Hawk County and other parties to whom Black Hawk County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than those specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Black Hawk County during the course of our audit. Should you have any questions concerning any of the above matters we would be pleased to discuss them with you at your convenience.
